TurnKey RFP H-Clause IRAQ CLS - FMS OPTION YEAR 4

Notwithstanding any other provision in the Contract or its attachments, including but not limited to the Supplier Statement of Work (SSOW), Lockheed Martin and Seller agree that, for events, circumstances, or occurrences relating to the safety of employees (or the employees of Seller) involved in the performance of this Contract, this Clause shall take precedence. The Seller shall accomplish a routine security assessment every four (4) to six (6) months during the performance of this Contract, or as often as the Seller believes conditions in or around Martyr Mohammed Ala Air Base (MMAAB) have degraded to the point where an additional security assessment is required. The Seller shall provide notification to Lockheed Martin fifteen (15) days prior to conducting a survey and provide justification for any assessments performed in excess of the scheduled assessments each year. The Seller shall provide a copy of the security report to Lockheed Martin fifteen (15) calendar days after the survey is complete. If the Seller's security assessment, along with Lockheed Martin's review of the conditions (if security conditions warrant time for Lockheed Martin's review) determines security and/or safety conditions have deteriorated and are no longer safe to continue work, then Lockheed Martin in accordance with DFARS 252.225-7995 (ADD DATE) authorizes the Seller to limit the activities of the Seller's personnel or remove any or remove all personnel out of Iraq to other locations. Notwithstanding the paragraph above, if the security and/or safety conditions in Iraq deteriorate to such conditions the Seller deems it is necessary to evacuate and or limit its activities under the Contract due to circumstance beyond the reasonable control of the Seller to the point that, in the sole discretion of the Seller, the Seller's commercial security team is inadequate to ensure the safety of Seller's personnel, the Seller can activate its emergency plan to remove Seller's Logistics Support (SLS) personnel from country with prior notification and approval by Lockheed Martin. Upon Lockheed Martin's approval of Seller's evacuation, Seller shall notify Lockheed Martin in writing within eight (8) business hours of the SLS team being evacuated. The Seller shall provide Lockheed Martin a copy of its emergency plan for the SLS members in Iraq. Lockheed Martin will consider such action as an excusable delay and it shall be processed in accordance with FAR 52.249-14. In the event that security conditions degrade to the point where Seller's personnel are required to leave Iraq immediately, and transportation services are not available to comply with personnel concerns, Seller personnel are authorized to procure commercial transportation as an allowable cost to the contract. If the Seller makes the decision to limit its activities or withdrawal of its onsite personnel, upon approval from Lockheed Martin. If the Seller removes personnel from country, the Seller shall provide to

Lockheed Martin an update to the Operations Security (OPSEC) plan within ten (10) calendar days. The update shall include a detailed plan on how the SLS team will continue to provide support to IRAQ. The OPSEC plan update shall also provide Lockheed Martin a detailed description of the requirements and conditions required in order for the SLS team to return to country. This report shall be updated as required as the conditions around MMAAB change. The provisions in this clause relating to deployment and retention of employees do not limit Lockheed Martin's ability to monitor, enforce and/or evaluate the Seller's performance of this Contract in any manner whatsoever that is unrelated to the Seller's ability to deploy and/or retain qualified personnel as required to meet the requirements of the Iraq SSOW. Notwithstanding, all terms and conditions shall remain in full force and effect. The parties agree that any change in scope, i.e. performance period reduction/extension, personnel increase/decrease, change in location, etc., shall be addressed via a separate contract action. NOTE: Place of performance is limited to ONLY Martyr Mohammed Alaa Air Base (MMAAB).
